

SECTION III – EVALUATION AND QUALIFICATION CRITERIA

This will involve assessing whether bidders have complied with submission requirements and have also attached copies of mandatory eligibility and statutory documents. Evaluation at this stage will be conducted on Yes/No, and bidders are expected to comply with ALL required items so as to proceed to the next stage of evaluation.

Stage 2: Technical Responsiveness Evaluation Stage

No.	Completeness and Responsiveness Criteria key personnel	Requirement
1.	Tractor owner	- Identification Document - Valid tax compliance certificate
2	Tractor operator	- Identification Document - Valid Driving license with certification to operate a tractor

Tenders will be evaluated to ensure that they are substantially responsive to the technical specifications and contract conditions stated in the Tender Document. The determination of a tender's technical responsiveness will be based on the contents of the tender itself, subject to any clarifications received in the preliminary examination of Tenders. Items of this evaluation will be scored as below.

3	PLANT AND EQUIPMENT – (Edited as per requirements of the specific job PLANT AND EQUIPMENT).
